Equipment:	<ul style="list-style-type: none">- a notebook- pen

Description:

The snack 'Trail mix', in Poland called "Student mix" includes: 25% peanuts, 30% golden raisins, 15% sultana raisins, 10% cashews, 8% cranberries. The rest are almonds.

a) calculate the weight of the almonds in a 250 gram packet of the mixture.

b) are there more raisins or nuts in the student mix?
